English Language Support

Finding Potential, Building Careers

English language support is available at all schools that host international students. Students are assessed upon arrival, and are provided appropriate levels of English language and academic instruction depending on their abilities and goals. Specialized teachers using effective teaching methods ensure students acquire the skills and knowledge they need to succeed. Students take classes alongside Canadian students from the beginning of their program, maximizing their exposure to native English speakers.

Student Care and Support

Inspiring Teaching Staff and Coordinators

In order to succeed academically, students must be happy and well supported. Teachers and dedicated International Student Program (ISP) Coordinators in each secondary school work closely with students to make sure their academic, social and emotional needs are addressed. Regular communication between teachers, students, coordinators and home-stay families allows us to address concerns quickly. Report cards are sent to students' families in their home countries to ensure parents know how their children are progressing in school and in their daily life. Parents are welcome to contact ISP Coordinators directly for progress updates.

Homestay

Learning for a Lifetime, Lasting Friendships

We have been operating our own homestay department since the beginning of the International Student Program in 1989. Over the years we have gained considerable experience and expertise. Parents of international students can be assured that we work 24 hours a day to ensure student safety and comfort. Our Homestay Team carefully screens and selects homes where students are welcomed and included as one of the family. In the Homestay Family, students can comfortably and confidently improve their English and experience Canadian culture.

All our Homestay homes include:

- A private room with a bed, desk and lamp, and a dresser.
- 3 substantial meals a day and snacks.
- Students often live within walking distance of their schools, or host families provide transportation to and from school.
