

New E+ Programs!

E+ strives to offer enriching experiences for students to expand their academic success and help to grow their sense of hard work and responsibility!

What we offer:

- Dance – students have a passion for dance and a willingness to learn new styles;
- Outdoor Education – students must love outdoor activities and respect the environment;
- Science and Technology – students focus on various aspects of science and engineering;
- Multi-Sport – students develop their skills in several disciplines;
- Hockey – gives young players a chance to develop their skills and instill a love of the game!
